Whether you want to travel near or far ...

Craving a getaway but not quite sure where to go? Here are six wanderlust-worthy vacation ideas to put on your radar for February.

### Naples, Florida

The sunny seaside city has officially made its post-Hurricane Irma comeback — and Naples is arguably better now than ever. In February, the area will play host to the **39th Annual Naples National Art Festival**, which lures some of the country's top artists to Cambier Park the weekend of February 24th and 25th. Beyond the art, there's also **phenomenal shopping** (check out **Marissa Collections** in the historic district) as well as **golf** (head to **Tiburón Golf Club**) and dining (try **Bleu Provence** for chic décor and French cuisine.) Top hotels in the area include **The Ritz Carlton**, **Inn on Fifth**, and **Naples Grande Beach resort** (which is known for its **buzzy lobby lounge happy hour**.)
