## Valentine's Day Getaways Active Couples Will Love

### Naples, Florida

If you and your beau are more into sun and sand (and less into snow), a trip to southwest Florida could be a better fit for you. Nicknamed the "happiest, healthiest city in the U.S." by the Gallup-Healthways Community Well-Being Rankings, Naples has miles of mangroves, wetlands, and white sandy beaches just waiting to be explored. If you stay at [Naples Grande Beach Resort](#) (which just reopened after being impacted by Hurricane Irma), you'll be surrounded by 200 acres of protected mangrove estuaries that intertwine with elevated running paths and lead to 3 miles of beach. Or you could [stand-up paddleboard and kayak](#) through the mangroves and waterways, play tennis on the [15 award-winning courts](#), or unwind in the Meditation Lounge at [The Spa at Naples Grande](#).
