EARLY SUMMER 2018 EDITION

They say things slow down in the summer, but not around here! The New Naples team has been hard at work on a new [site redesign](#), which we recently launched. The goal is to make it even easier for you to find great ways to eat, drink, shop, stay and thrive in our sunny Gulfside paradise. Let us know what you think and what you'd like to see in the future!

We're also excited to be featured in *Gulfshore Life* magazine's Summer Guide 2018. In the feature, I share a bit about what it's like to be a blogger in Southwest Florida, as well as some great summer volunteering opportunities in the community. Pick up a copy on newsstands now, or check it out here in the [digital version](#).

So while it may be warm out there, summer in Southwest Florida is full of perks, from the most amazing specials at restaurants to a bit easier parking at the beach. We love to see how you do Naples, so be sure to share by tagging us (@thenewnaples) or by using #WeekendInSWFL on social!
